

REMARKS

In the Office Action, the Examiner rejected claim 15 as being dependent upon a rejected base claim, but indicated that it would be allowable if re-written in independent form. New claim 21 combines the features of former claims 12, 14 and 15. Therefore, it is expected that claim 21 is allowable, as well as the claims that depend therefrom.

In view of the above remarks, Applicant respectfully submits that the claims of the application are allowable over the rejections cited in the Office Action. Should the present claims not be deemed adequate to effectively define the patentable subject matter, the Examiner is respectfully urged to call the undersigned attorney of record to discuss the claims in an effort to reach an agreement toward allowance of the present application.

Respectfully submitted,
